In a chariot of light from the region of day

The Goddess of Liberty came.

Ten thousand celestial directed the way

An hither conducted the dame.

A fair budding branch from the gardens above,

Where millions with millions agree,

She brought in her hand as a pledge of her love,

And the plant she named Liberty Tree.

SENIOR CLASS OF 1953  
FREDONIA HIGH SCHOOL

FREDONIA, NEW YORK

# Foreword

*I therefore believe it is my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag and to defend it against all enemies.*

—TYLER

We, the senior class of 1953, proudly present our Hilltopper based upon the theme of democratic government, a unique project in the corridors of time. To our democracy that was established by our forefathers through the price of human sacrifice we pay homage, and sincerely hope that the years to come will find all the persons in the world holding high the torch of liberty in a society of democratic men.

The most efficient administration and faculty of Fredonia High School represent the executive branch of our government which extends to the Legislative body, or classes, a guiding hand and standards of high ideals for its deep consideration. The Senate of the Legislative body is portrayed by the senior class, having worked its way up through the House of Representatives, consisting of all underclassmen. Aiding the

Executive and Legislative branches are the Cabinets of the government, symbolized by the school's clubs and organizations which help promote the general welfare of all through unity and co-operation. Activities in which many students play a faithful role denote the Departments that utilize this great land of ours to aid the democratic way of life. However, to maintain a government established for the use of all, it must be backed and approved by the voters of our nation. The class of 1953, likewise, without the deeply appreciated advertisers of this and surrounding communities, would not be able to produce and enjoy a memorable yearbook.

We, the class of 1953, proudly leave our present position as Fredonia High School's Senate with a wish that this way of life continue forever, and that it soon extend its blessings to all mankind.

Good Luck  
Minnie

## 1953 Hilltopper Dedication

MR. RICHARD SPARKS

It's been a nice year, Larry.  
Thanks for everything.

Dick Sparks

Extending his share of contribution to the successful completion of our democratic education, Mr. Richard Sparks is the recipient of our yearbook dedication.

Mr. Sparks, as director of band and boys' chorus, has brought to the students of Fredonia High School a keen appreciation of music. Under his guidance the music department has risen to prominence in our school life.

Grateful for the services and remarkable accomplishments he has rendered, the senior class extends their thanks and best wishes for future success.

# Board of Education

(SUPREME COURT)

Left to right: Mr. Donald Guest, Mr. Louis Gugino, Dr. Harry Wheelock, Mrs. Ruth Pinkerton, Mr. Robert Maytum.

Fredonia's Board of Education has served the school and community wisely for many years. Sacrificing many hours and days, these men meet to discuss and determine policies of the school. We shall always remember the progress and improvements which have taken place in our four years here.

Supt. Howard R. Bradley  
(Chief Executive)

Mr. Howard Bradley, principal of Fredonia High School, has guided us through our four years of schooling with an unselfish attitude toward all. His co-operation with students and faculty alike has served to increase good relationships throughout the school.

Besides being a capable administrator, Mr. Bradley has been a genuine friend of every senior. We greatly appreciate the time and effort that he has put forth in our behalf.

*Best wishes -

THE

VALEDICTORIAN

SALUTATORIAN

DANIEL DAWLEY

ELEANORE KUCZENSKI

As democracy gives to the individual the opportunity to achieve success in society, so do the class Valedictorian and Salutatorian gain recognition for their outstanding work throughout their years of school.

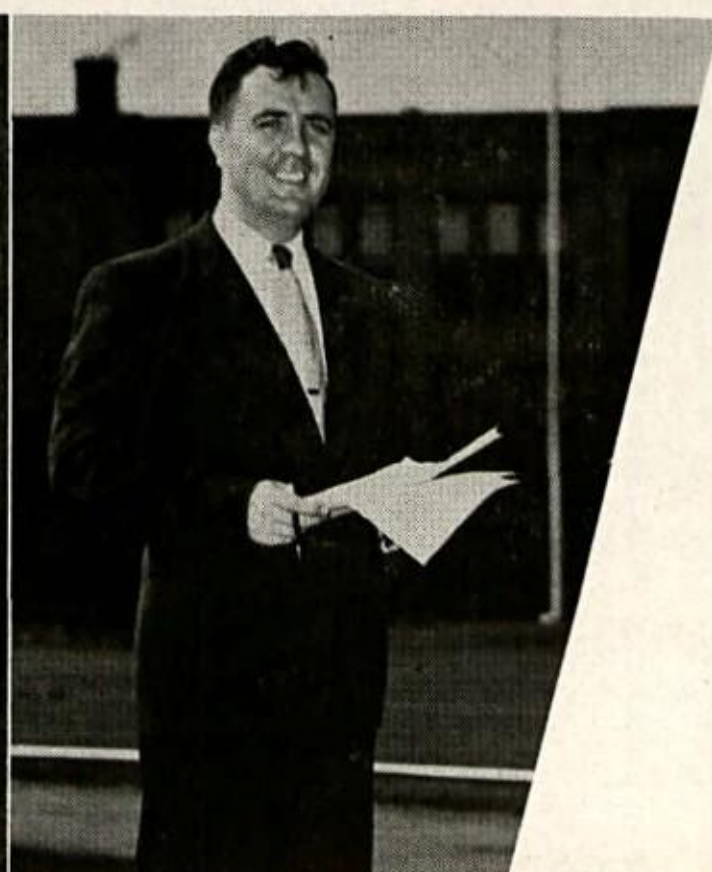

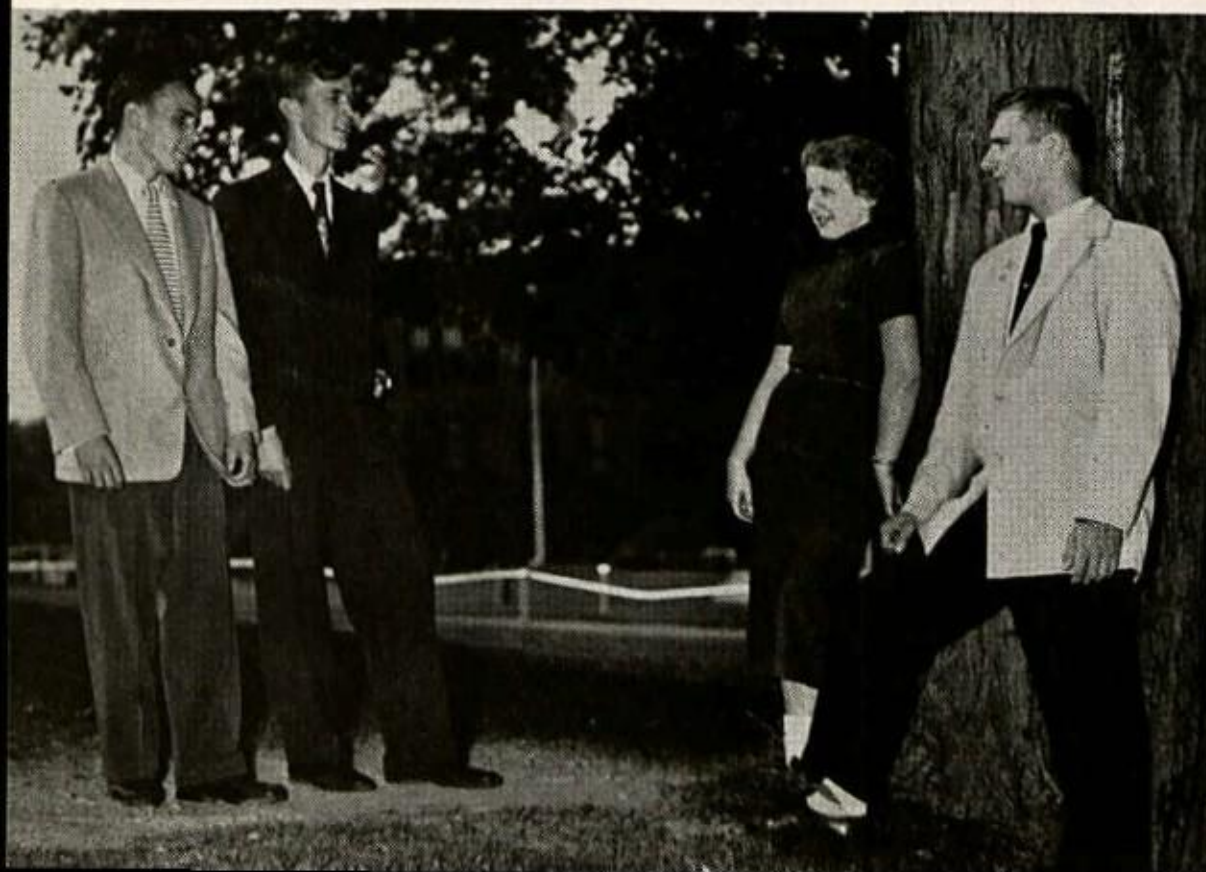

The Hilltopper proudly presents the Valedictorian of the class of 1953, Daniel Dawley, with the scholastic average of 93.477. Ranking a close second is our Salutatorian, Eleanore Kuczenski, with an average of 92.655.

In a democratic form of government, leaders are selected by a majority of the popular vote. Likewise, in the senior class the officers are elected by their classmates.

Bill, Larry, Elaine, and Bob have co-operated willingly with their adviser, Mr. Don J. Marquette, and their fellow students in all projects; and have earned the gratitude of their entire class.

LEFT TO RIGHT: Robert Mesel, *Treasurer*; Lawrence Nelson, *Vice-President*; Elaine Neal, *Secretary*; William Phillips, *President*.

# *Alma Mater*

O'er all Fredonia,  
Towering high above;  
Stands the noble High School,  
That we all have learned to love;  
From far and near we hear the story told anew,  
Of our Alma Mater, so glorious to view.

Hail! Hail! Let the echoes fly,  
In a cheer for a school so true;  
Hail! Hail! Send the echoes flying,  
Up and down the hill:

F. H. S.

Her colors are the orange and black,  
Sing her praises do not let them lack;  
A purpose true and a spirit bold,  
Oh, hail to thee, Oh hail, to thee again.

Each year in our democratic government at Fredonia High School, there are those who must leave and be succeeded, for it is their time to climb to greater success, having gradually taken one step closer to achievement.

The Junior High students, proudly a part of Fredonia High School, have completed one more step in preparing themselves for a life of great culture, and hence must advance once more to succeed those who have left, increasing their power in Fredonia High School's democratic government and adding to their own past, many fond memories.

Our grade school days were filled with many pleasant hours; and now that they have entered the past, we anxiously await the future. Our grade school days were filled with many pleasant hours. We will always remember our Halloween and roller skating parties, and the bus trip to Niagara Falls where we went on a guided tour through Ft. Niagara.

Members of the "On the Hill" staff of Fredonia High School are taught how to discern the valuable from the irrelevant in newspaper reading, and to express their thoughts in writing, a skill essential to everyone in our democratic way of life.

This year's class had many opportunities to expand their knowledge of journalism and writing. Each week the staff wrote stories and articles for the "On the Hill" section of the town newspaper. Besides preparing this column, the class was taught the basic fundamentals of newspapers and newspaper editing by its able adviser, Mr. Don Marquette.

MRS. ELOISE HEYL, *Adviser*

Our Art Club, consisting of students cooperating with one another in the exchange of artistic ideas and practices, offers to each a democratic opportunity to express his emotions and ideas on canvas where they can be appreciated by all, and gives an inner feeling of satisfaction and accomplishment to the individual.

Creativeness, from which our democratic way of life did spring and from which its principles have been defended and enlarged, is the valuable possession of each member, who uses it to offer to society his own distinct contribution upon which the success of the group may be determined.

Developing the art of speaking, an important asset to anyone seeking success in our way of life, is the aim of the Debate Club.

Under the guidance and supervision of Mr. Gordon Corter members of the Debate Club have participated in many events. Declamations and oratorical work were just as much a part of the organization's activities as interscholastic debates. John Daly brought honors to the school by competing in the American Legion tournament, and the club-sponsored speakers for the "I Speak For Democracy" contest attained added recognition for their ability to put into voice the ideal beliefs of our American heritage.

Members of this club, under the guidance of Mr. George Belden, meet each week to learn the art of whistling bird calls, and to expand their knowledge of nature's creatures for greater enjoyment.

The Bird Study Club was deeply honored this year to have one of its members, Thomas Freling, featured in "The Buffalo Evening News" column, *Teenage Triumphs*, for his achievement in bird calls and whistling.

Experiments in different kinds of government finally formulated our great democratic society of today. In the same manner, the Science Club meets to perform experiments to learn how our great scientists discovered the many marvelous things that lengthen the human life span and help to make our living more enjoyable.

During the year we were shown many interesting films, and a number of speakers gave informative lectures on the various phases of science.

Two of the most enjoyable projects of the club were a trip to the Westinghouse Plant in Buffalo, and participation in the Science Congress where three of our members were awarded prizes.

Fredonia High School takes great pride in selecting each year from its Junior and Senior Class, those students who have proved worthy of membership in the National Honor Society. These are the prospective young people of our nation who, through their highly developed leadership, character, scholarship, and service, have taken great strides towards acknowledging and extending the principles of our truly democratic government.

The fine examples which they have set and the honor that they have bestowed upon themselves and their school should serve as a hopeful challenge and an effective stimulant to all students.

Upon young people such as these our country depends for the leadership needed in the days ahead; and an organization such as this helps to better enrich the minds and bodies of its members, so that they may lead more prosperous and worthwhile lives that will serve as examples to others.

# School Band

Best of luck to a fellow band member, Tony A.

Sony, good luck to a nice guy. Jeanie

Hi Tony, know you have to get 1st class. Jay

The Fredonia High School band meets twice each week to help students join their musical talents for their own and others enjoyment.

This year has been another outstanding one for the band. Early this year several members attended all-state sectionals at Randolph. The band performed at the Dunkirk football game, and played at all Fredonia home contests.

In the spring the organization put on its annual spring concert in the school auditorium. A few weeks later, it received a high rating in the "Music Festival" competition. To climax its year the band performed at Class Night and Commencement.

An innovation with the band this year was sectional rehearsals. Once a week each group of instrumentalists met to work out individual parts. This extra practicing improved the tone quality and precision of the entire ensemble.

With most of the band graduating in June, Mr. Sparks planned a picnic at Lake Erie State Park. Swimming, baseball, and a well-prepared dinner were enjoyed by the students; and everyone felt that the day's activities were a great success.

# Leaders' Club

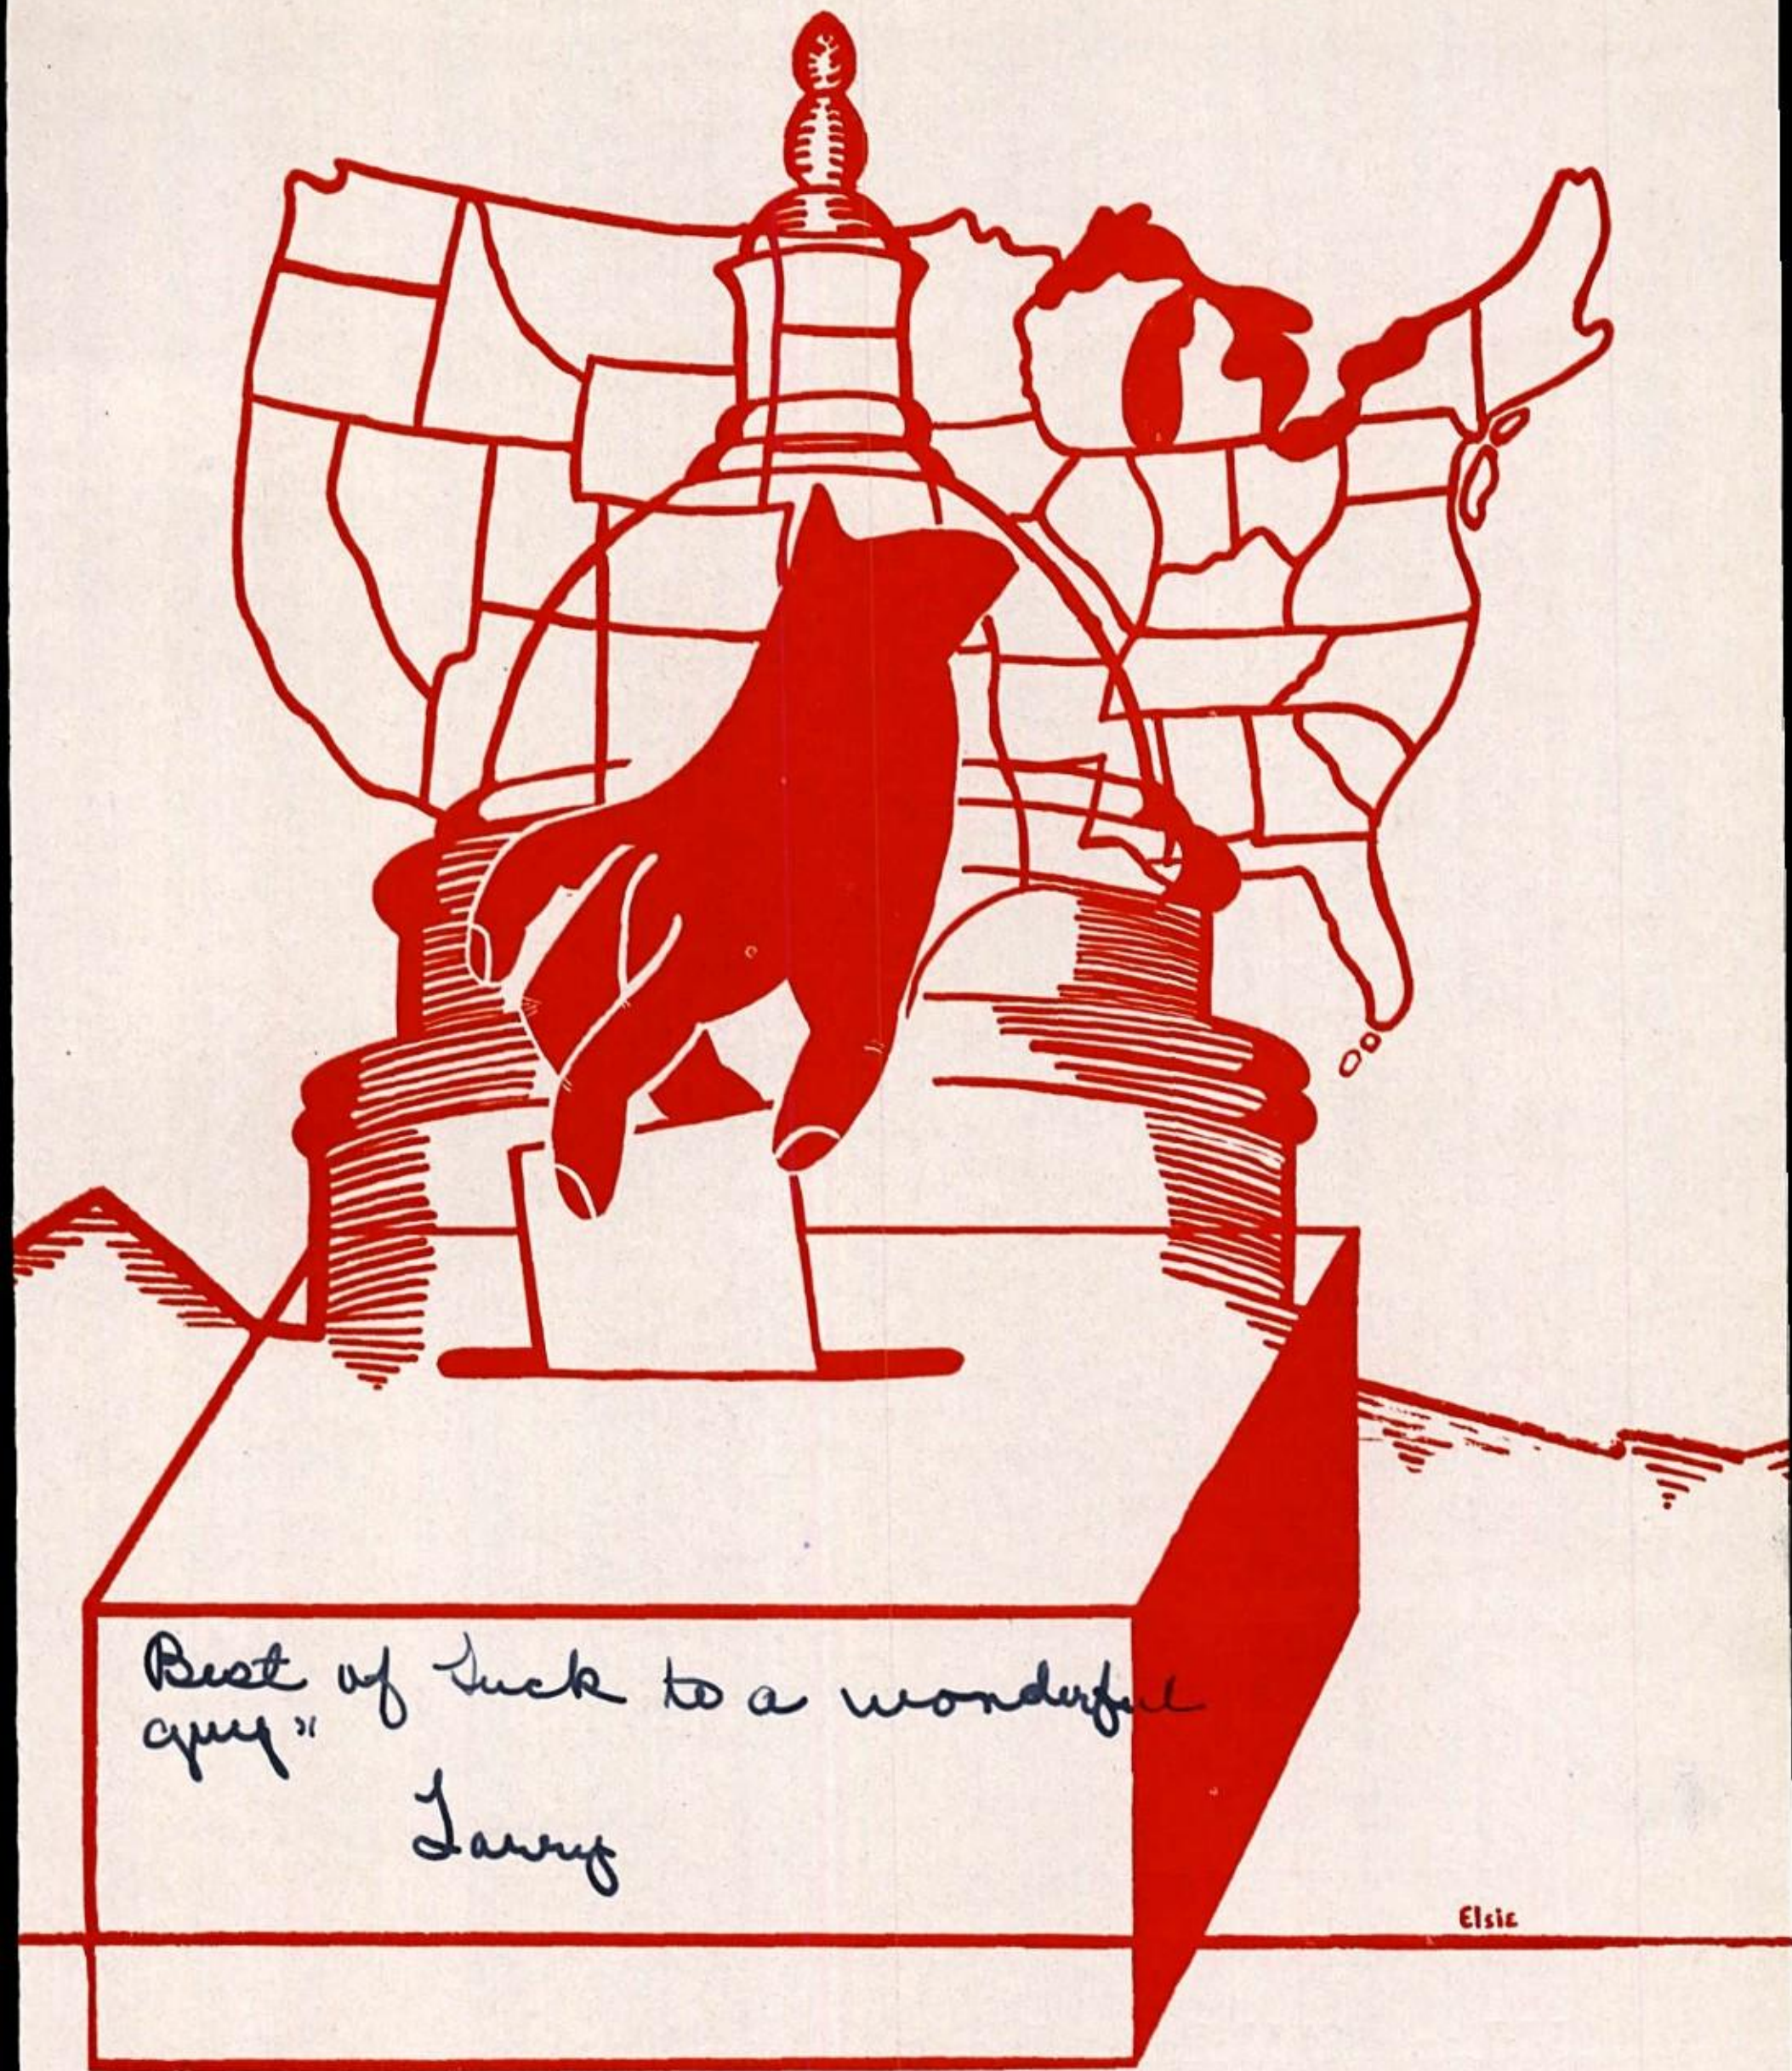

FIRST ROW—*Back to Front*: Mrs. L. Evarts, M. Reynolds, J. Thompson, M. Tampio, J. Ellsworth, C. Arcoraci, A. Marsala, J. Swift, J. Sessions, M. Leone, E. Litz, L. Bray, D. Alaimo, A. Barresi, C. Gervase. SECOND ROW—*Back to Front*: G. Nelson, S. Valvo, M. Barresi, M. Ferguson, B. Gooding, M. Salemi, J. Gregory, M. Frazita, M. Thompson, M. Washburn, D. Conti, S. Fuller, S. Bolling.

The building of a healthy body to accompany a strong mind essential to the citizens of a democracy is the aim of the Leaders' Club that admits to membership all girls having earned 700 points through participation in after-school sports.

The Leaders' Club has been very active this year in its projects, some of which were chartering buses to several football and basketball games, sponsoring dances, and playdays in which the girls extended invitations and likewise accepted them from other schools with athletic organizations.

Membership to this club is one of the most coveted goals to which all athletically inclined girls strive. Since admittance to this organization is limited to those girls who have received the required number of points, only a small percentage of students become eligible during their four years of high school. Therefore, these few should be congratulated on attaining this high honor.

Our Sincere Congratulations  
to the  
**CLASS of 1953**  
Fredonia High School

Our compliments on your well-earned achievement — graduation! May you always treasure your memories of these past four years of effort, of pleasant associations, of happy events.

We hope most of you will find it possible to go on to schools of higher learning. To you and those who are soon to join that vast legion of bread-winners, we extend our hope for a bright future.

You're a great class . . . and if each of you set your sights high enough and work hard enough, success will be yours!

*On the way to that goal . . . make it a point to stop  
in occasionally and visit your friends here in*
